

ONLINE VISIBILITY

Google Business Profile

EXAMPLE GOOGLE BUSINESS PROFILE

Essential Info

Accurate business information such as your phone number and operating hours so customers know what to expect

Photos & Logos

Show your business's personality photos, your logo, and more to stand out to customers.

Maps

Be found by customers actively trying to find your location.

Reviews

Reply to customer reviews to build trust with new and returning customers

A Google Business Profile highlights your business in local search results, the knowledge panel, and Google Maps—**reaching customers** actively searching for your products or services. An optimized profile ensures accurate information and maximizes visibility on the world's largest search engine. People can **easily interact** with your listing to call, get directions, visit your website, or ask questions, helping drive more engagement and conversions.

BENEFITS

- **Get found** by customers actively searching for your business or service
- Build **trust** and **credibility** with verified business information and customer reviews
- Boost **local SEO** by signaling relevance to Google's algorithm
- Gain **insights** into how customers find and interact with your business listing
